Feedback | 4th May 2024

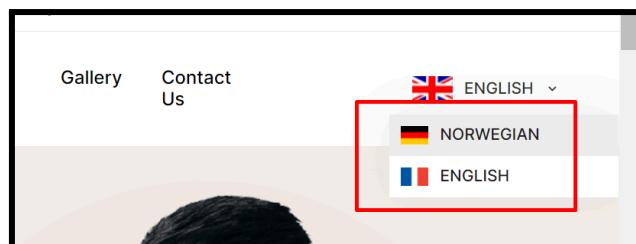

1. Landing Page > Space issue in Navigation bar

2. Landing page > Main slider image size is not responsive (image height conflicts with the section height)

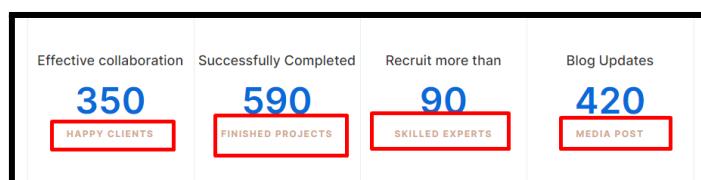

3. Landing page > Language setup -flag should be according to the country.

4. Statistic numbers,

- Home page > Not showing unit value
- About us page > Under the number "Name" value will be shown instead of the "Title" value.

5. The Image should be resized according to the card.

The screenshot displays a section titled "CASE STUDIES" with three items:

- PWD Database management System**: A building inventory management system for Public Works Department. It includes a screenshot of the software interface and a "View Case Study →" button.
- The Financial Express**: An English-language newspaper from Dhaka, Bangladesh, established in 1993. It includes a screenshot of the newspaper and a "View Case Study →" button.
- Daily Cricket**: A cricket-based website providing live scores and news. It includes a screenshot of the mobile app and a "View Case Study →" button.

A red box highlights the "View Case Study →" button for "The Financial Express".

The screenshot shows a section titled "BLOGS & NEWS" with the heading "Interesting articles updated daily". It lists three articles:

- Uplifting Your Brand Campaign
- BRIDGING FUN AND LEARNING
- GAMIFICATION IMPACT ON BRAND A...

Two article cards are shown:

- BRAND GAMIFICATION**: Where does it get aligned? (2024/04/30) [Read more →](#)
- BRIDGING FUN AND LEARNING**: Interactive Technology in Education (2024/04/30) [Read more →](#)

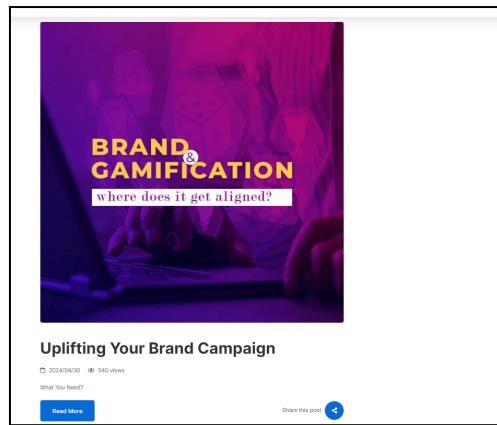

A red arrow points to the "Read more →" link under the first article.

The screenshot shows a section titled "TESTIMONIALS" with the heading "Why do people praise about Mitech?". It features two testimonial cards:

- Sabbir Khan** / Head of BI, Air Asia: "A bunch of young and energetic entrepreneurs doing the most out-of-the-box activities" [Read more →](#)
- Microsoft** / Microsoft Corporation: "It was a challenge to decide the winner in the Games competition between this team and Karigor, but in the end, Team Battery Low managed to secure 2nd position. It's a complete game! Graphics, animation, gameplay, and audio are perfect" [Read more →](#)

A red arrow points to the "Read more →" link under the Microsoft testimonial.

11. About Us > It doesn't work in the new tab or single details page reload

<https://batterylowglobal.com/about>

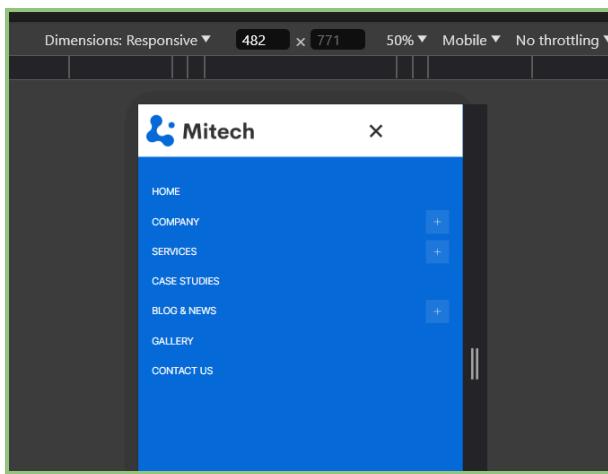

Feedback | 10th May 2024

1. Home page > TESTIMONIALS section > Change the header Title

2. Verify the mobile device's responsiveness of the website.

3. Our Services > Verify the Card image size

It should be 128px * 128px in width and height

A screenshot of a web browser showing a service card for "Web Development". The card features an icon of a monitor with code and gears. A red box highlights this icon. Below the icon, the text "Web Development" and a brief description are visible. The developer tools' element inspector is overlaid on the page, showing the HTML structure and a CSS rule for the image: ".img-img-full { width: 300px; height: 250px; }". The browser interface includes a top navigation bar with links like Home, Company, Services, Case Studies, Blog & News, Gallery, Contact Us, and a language selector for English.

4. Services > Services single detail page data issue

Need to discuss

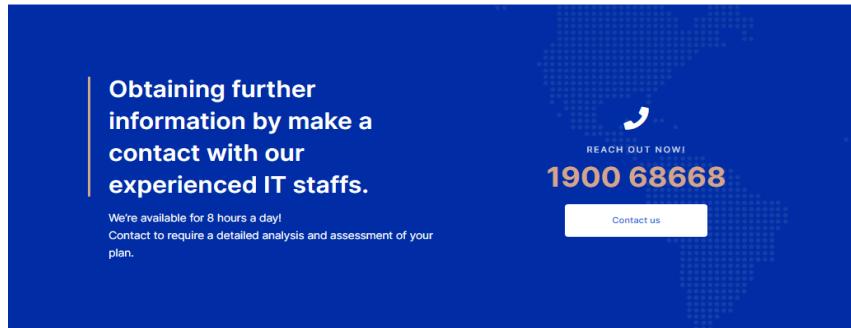

Mitech specializes in **technological and IT-related services** such as product engineering, warranty management, building cloud, infrastructure, network, etc.

We're available for 8 hours a day!
Contact to require a detailed analysis and assessment of your plan.

5. Landing page > IT Solutions - Verify the contact section needs to be dynamic.

N.B - can use the service contact section

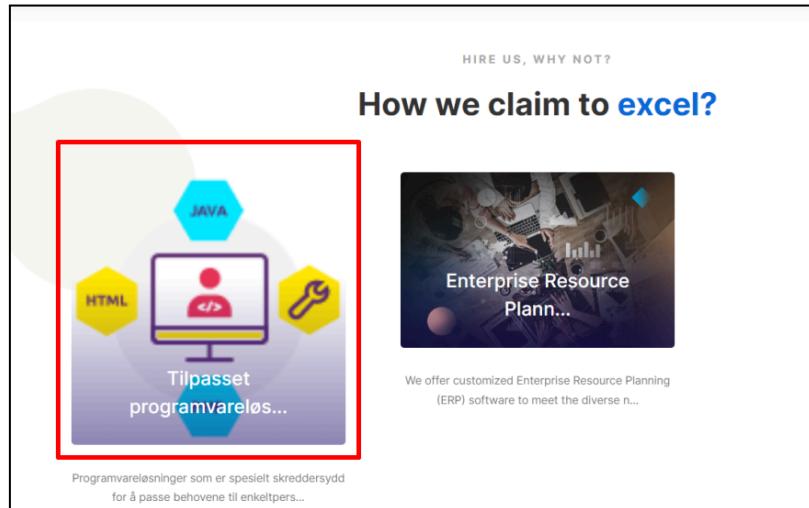

6. IT Service/IT Solution> Single details page - The footer section shows in multiple layers.

The screenshots show a footer section with multiple layers of content:

- Layer 1:** A large logo for "BATTERY LOW INTERACTIVE" featuring a cartoon character holding a battery.
- Layer 2:** Contact information: Dhaka Bangladesh, email (info@batterylowinteractive.com), example@gmail.com, phone numbers +880 1521 112329 and 017xxxxxx, and a copyright notice "Copyright 2024".
- Layer 3:** Navigation links grouped into columns:
 - IT Services:** Managed IT, IT Support, IT Consultancy, Cloud Computing, Cyber Security.
 - Quick Links:** Pick up locations, Terms of Payment, Privacy Policy, Where to Find Us, Cyber Security.
 - Support:** Forum Support, Help & FAQ, Contact Us, Pricing and plans, Cookies Policy.
- Layer 4:** App store links for Google Play and the App Store.
- Layer 5:** Social media icons for Facebook, YouTube, LinkedIn, Twitter, and Instagram.

Meet our Directors
Battery Low Interactive was invited on 12th June 2018 at YOUNG ATN, a popular event of ATN News organized with young entrepreneurs. Director of Battery Low Interactive, Mr. Ishraq Ahmed (CEO), Mr. Mirhaj Memon (CTO) and Mr. Md. Moniruzzaman Farhan (CEO) attended the event.

The event discussed the current gaming industry of Bangladesh, the trend of battery low interactive, Kinect game "KICK the Ball" etc. Meanwhile, they said that Bangladesh is full of young talent, if they want, they can bring any big success to the game industry. This requires necessary facilities and a change in mentality.

However, Bangladesh is currently doing much better in this industry than before. About Battery Low Interactive Mr. Ishraq Ahmed said:

As our team had a good understanding, the beginning was not difficult but the journey was quite difficult.

ATN NEWS

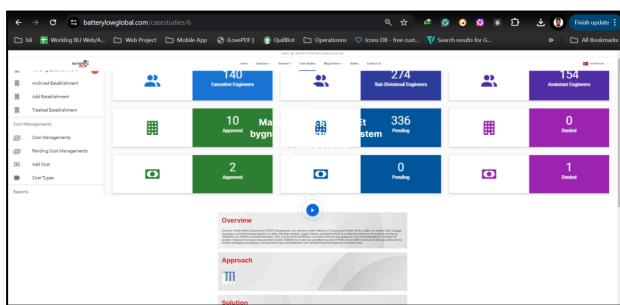

About the Kinect game "KICK the Ball", Mr. Mirhaj Memon said, "KICK the Ball" will help to a large extent to solve the problem of sports in Dhaka city due to the lack of fields. Battery Low Interactive also has AR, VR and mobile games.

Are the children and teenagers of the current generation learning anything through games? In answer to this question he said, Educational Information Battery Low tries to pass through their work. A few days ago they created an app to help children to learn Chinese. A website for children for an organization called "Light Of Hope" which mainly serves disabled people. Finally, Mr. Mirhaj Memon said, Gokshan Farhan has some ideas for those who want to work in the gaming industry.

5. Landing page > Verify the Contact Us section Image size

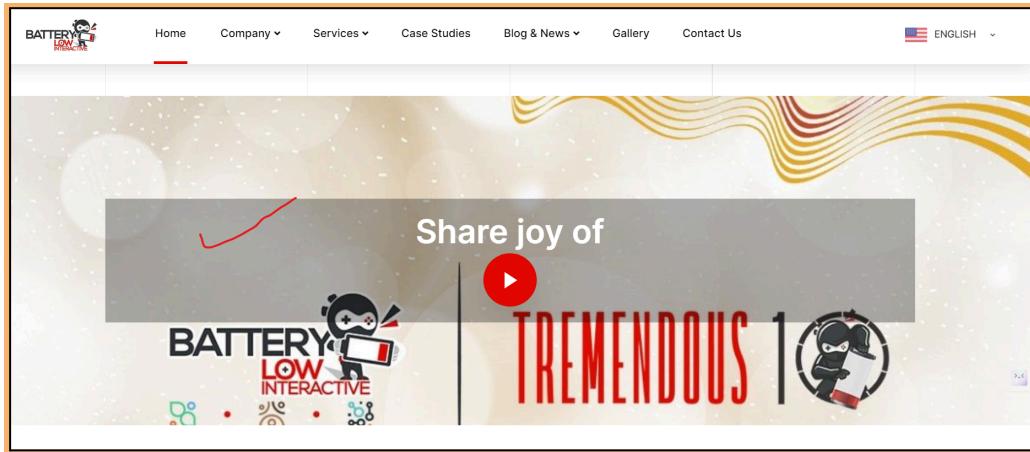

6. Case study > Verify the banner image size and also show an icon/ video logo button

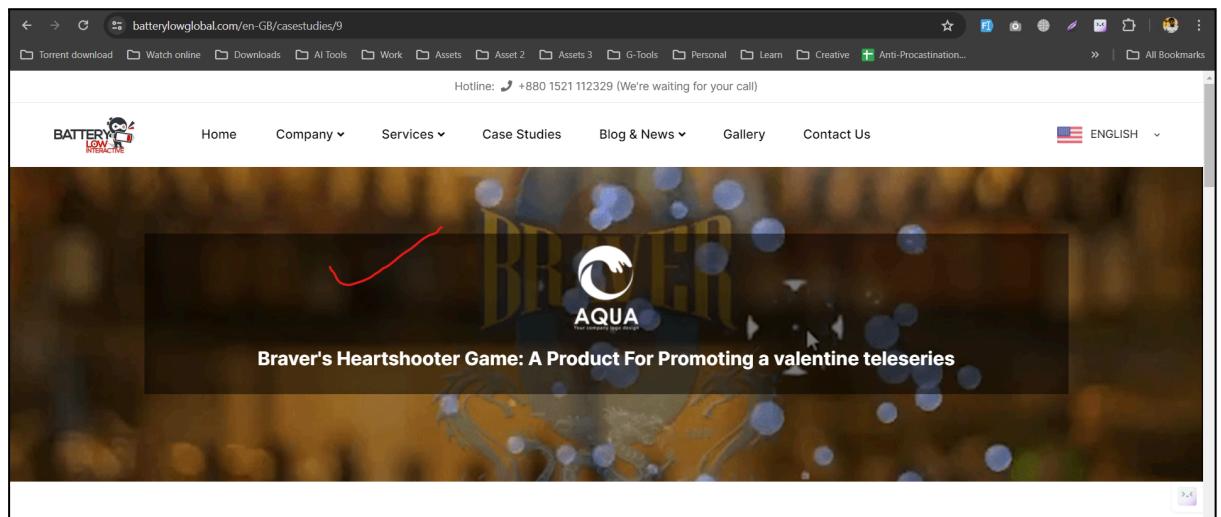

Feedback | 22th May 2024

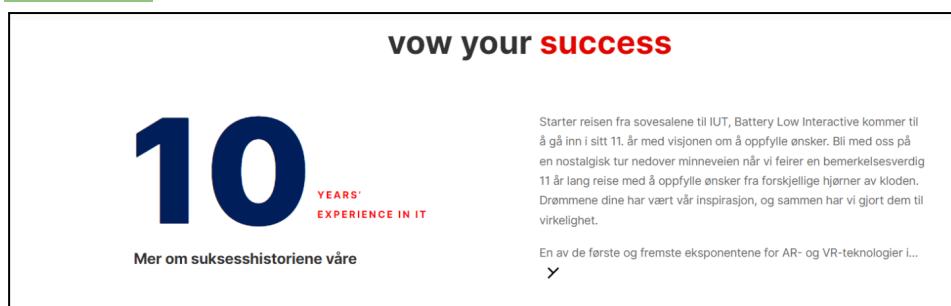

1. Check routes and reconfirm,
 - a. Nav bar
 - b. Footer
 - c. Mobile menu
2. Localization > Route > change “en-GB” to “en” (Change “no-GB” to “no”)
3. Home page > Featured Video section > Change overlay opacity to 0.3

4. Case Study page > Banner image section > Change overlay opacity to 0.3

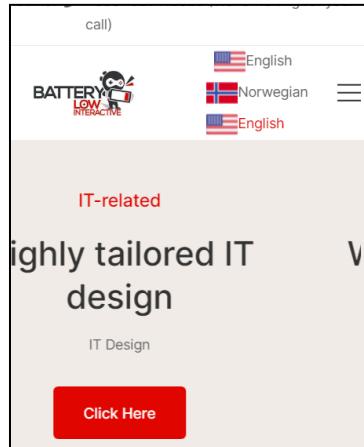

5. About us > Our service > Change the colour of the numeric value to #00205B and the text “Years experience in IT” to Red #E20700. Needs to be similar to the Screenshot

6. Change website Favicon

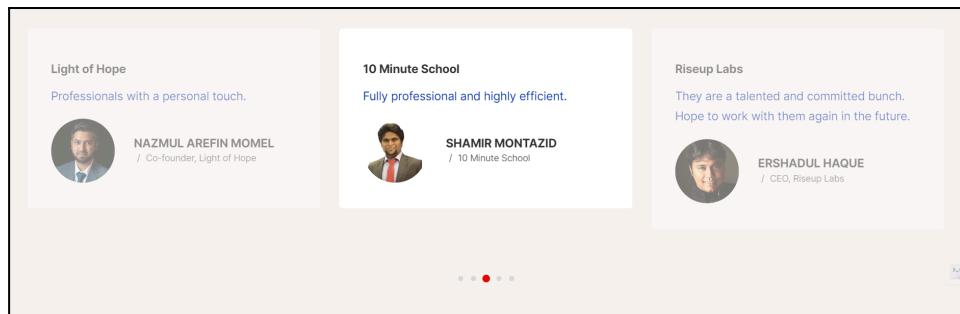

7. Mobile view > Language changing dropdown button UI is broken

8. Set Default logo

9. Testimonial cards > Should be of the same size (Description Font Size: 14px, 4 or 5 lines of space for description)

10. Gallery page > Change image viewing modal style

Feedback | 26th May 2024

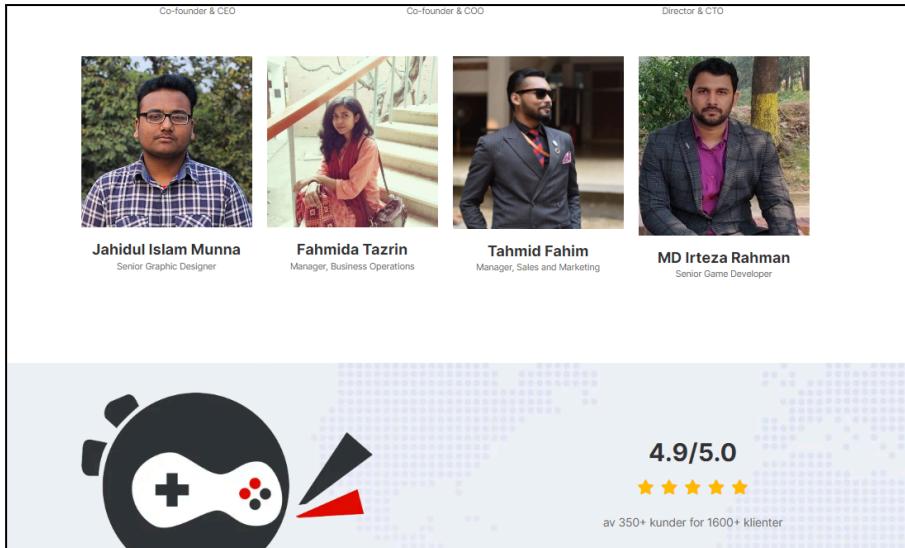

1. The API rendering issue appears by toggling the language button. Many data don't show after switching the language button to "English". (mostly on the service or solutions details page)

The image contains two screenshots of a website. The top screenshot shows the Norwegian version of the site. It features a banner with a developer's monitor displaying code, a Christmas tree, and a person in a Santa suit. Below the banner, there is a section titled 'Learn More About Our Web utvikling' with some text. A red arrow points to the 'NORVEGIAN' language switcher in the top right corner. The bottom screenshot shows the English version of the site. It has a similar layout but with different text in the main content area. A red arrow points to the 'ENGLISH' language switcher in the top right corner.

2. Blogs & News page> The pagination number button doesn't work.

A screenshot of a blog post titled 'BLI Board of Directors appeared in Young Nite'. The post includes a date (2024/05/19), views (1005), and a 'Read More' button. Below the post is a navigation bar with buttons for 'PREV', '1', '2', '3', and 'NEXT'. A large red rectangle highlights the '1' button in the navigation bar.

3. Landing page > Teams > Only seven team members' images are showing. Needs to display all the team members accordingly.(showing 7 images)

4. Needs to make the height similar for all the cards in the website

Case study:

The image shows a website section titled "Proud projects that make us stand out". It features three case studies with different heights:

- The Financial Express-Case Study**: Shows a newspaper and a smartphone.
- PWD Database Management System: Et...**: Shows a complex dashboard with various data tables and graphs.
- Daily Cricket**: Shows a smartphone displaying a cricket app interface.

A red box highlights the first two case studies, indicating they have different heights compared to the third one. Below the case studies, a banner says "Challenges are just opportunities in disguise. Take the challenge!"

Testimonial:

The image shows a website section with three testimonial cards, each with a different height:

- SABBIR KHAN** / Head of BI, Air Asia
- NAZMUL ARFAIN MOMEED** / Co-founder, Light of Hope
- SHAMIM MONTAZI** / 10 Minutes School

A red box highlights the first two testimonial cards, indicating they have different heights compared to the third one.

5. Slider > Adjust the Height and width properly. Make it 500 x 500px

The image shows a website slider with three cards, each with a different height:

- Lært batteri Stolt**: Shows a large number "1" and a battery icon.
- We've been thriving in no 10 Years no**: Shows a large number "1" and a battery icon.
- VIK kompromisser ikke i kvalitet!**: Shows a large number "1" and a battery icon.

A red box highlights the first two cards, indicating they have different heights compared to the third one.

6. Contact us > Add a validation in the form section. Users can send mail without giving data in any of the fields

The screenshot shows a contact form for 'BATTERY LOW INTERACTIVE'. At the top, there's a navigation bar with links for Home, Company, Services, Case Studies, Blog & News, Gallery, Contact Us, and a language switcher for NORW. Below the navigation is a success message 'Your mail has been sent' in a red-bordered box. The main form area contains fields for Name*, Email*, Subject*, and a text area for 'Please describe what you need.' A red error message 'Name *' is displayed above the Name field. A red 'Send message' button is at the bottom.

7. Landing Page > Footer > "Remove the hover style link" in the "location".

8. Landing page > Solutions > Change the Header title and rename it to
"Achieve More with Our Comprehensive Solutions"

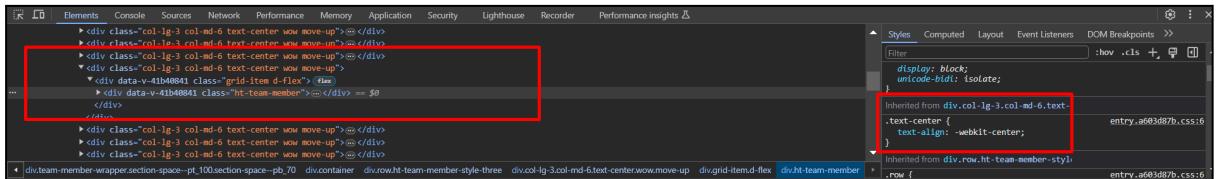

Feedback | 30th May 2024

1. **Bug:** Single page data showcasing > check and make sure proper data showcasing and navigation ([Showing issue after deployment- 30th May, 2024](#))
 - a. Blogs
 - b. News
 - c. Service
 - d. Solution
2. Galley,
 - a. Image cards > Fit image within div area
 - b. Image Modal > Fit image within div area
3. Team,
 - a. Page is not loading team member data for more than 7 people.
 - b. Profile images need to be of the same size.
4. Case Study Page > Banner Text colour opacity needs to be increased
5. Mobile View,
 - a. **UI Bug:** Navbar > Language Toggle button UI is coming broken

Feedback | 6th June 2024

Bug:

1. Language changing issue > Onclick page breadcrumb language option resets.
2. Teams >
 - The Page is not loading team member data for more than 25 people.
 - UI Issue: **Team member name text alignment needs to be fixed.** Make the text align: "webkit-center". For a better understanding please see the ss.

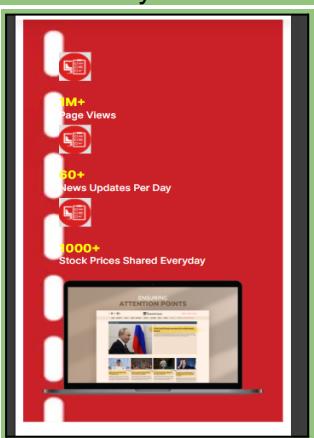

3. Contact Email routing issue. Occurred 404 error.
4. Blogs & News > Share functionality doesn't work > Post data not loading
5. Breadcrumb home routing problem

Mobile responsiveness issue:

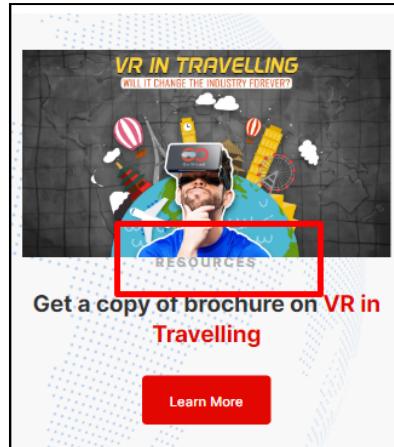

1. Navbar >
 - The language toggle button does not close after selecting a language.
 - The navbar menu panel remains, after selecting a main section.

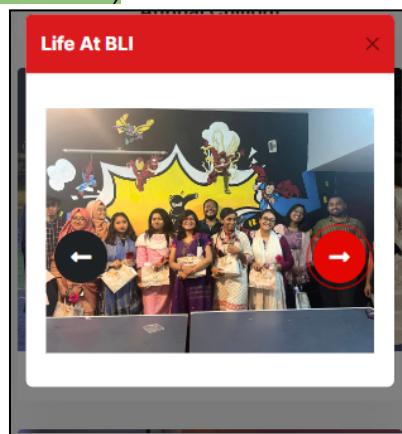

2. Featured Video > The thumbnail image isn't responsive. (Mobile & Web Both)
3. Case Study > The "Result" background image needs to be cropped

4. Blogs & News > Share button > Share options have responsive issues.
5. About Us > Resource brochure section > Needs padding top

6. News > News single details page > The content image needs to be responsive. (Set image "width: 100%" in only mobile view)
7. Gallery > The arrow creating an image visibility issue. Reduce button background colour opacity (Mobile & Web both)

Feedback | 12th June 2024

1. Contact Us > Route issue > Language not changed
2. Language needs to be changed in the header,
 - About us > "Our company" Should be in Norwegian language (Web and Mobile)
- IT Service & Solution (Web and Mobile) >
 - Learn more about our
 - Prominent IT Security Services
- Blogs > Single detail page >
 - "Views" and "share this post" text should be in Norwegian language (Web and Mobile)
3. News > Recent News Text is not properly visible(Web)
